

#### ADAPT YOUR SYSTEM TO YOUR NEEDS

The DS-85 can be expanded from 2 up to 6 stations at any time, providing additional capacity and protecting your investment. Simply add the right module at the right time – as your company grows. The multiple function options allow you to take on more job orders, further optimizing your productivity.

The modular design of the DS-85 gives you peace of mind and ensures that your equipment investment is cost-effective today and into the future.

#### SPECIAL FEEDERS FOR EXPANDING NEEDS

These optional feeders have been specially designed to handle a wide variety of paper types, including coated material and even small booklets.

#### MAXIFEEDER FOR SUBSTANTIAL NEEDS

Load up to 1,200 sheets or 325 BRE's in the optional maxiFeeder.

- EASY TO USE - EASIER THAN A PHOTOCOPIER
- LOAD'N GO - NO OPERATOR TRAINING REQUIRED
- HIGH PRODUCTIVITY IN A VERY SMALL FOOTPRINT
- LOW NOISE LEVEL - FOR ANY ENVIRONMENT
- MODULAR - IT CAN GROW WITH YOUR BUSINESS

#### INSERT'N FRANK

Automate your total mail flow by connecting the DS-85 to a Neopost franking system.

#### ON LINE SERVICES

Experience optimised DS-85 uptime through enhanced remote assistance.

#### WHY CHOOSE NEOPOST

Neopost is the European number one as well as a leading worldwide supplier of mailroom equipment and logistics solutions. Neopost offers you the most advanced range of products and services for online or offline postage, large-volume mail insertions, address printing, incoming mail and occasional parcel delivery and traceability management.

## DS-85 YOUR MAILROOM ASSISTANT

The easy-to-use Folder Inserter that grows with your business

WE VALUE YOUR MAIL

neopost<sup>®</sup>  
**DS-85**  
YOUR MAILROOM  
ASSISTANT

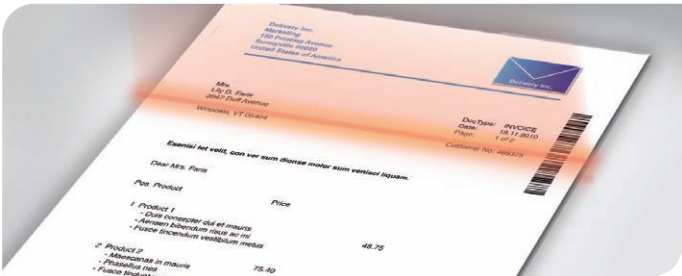

**CASCADE FEEDING**  
Continuous operation is achieved by cascade feeding.  
If one feeder runs empty, another one automatically takes over.

- EASY TO USE - EASIER THAN A PHOTOCOPIER
- LOAD'N GO - NO OPERATOR TRAINING REQUIRED
- HIGH PRODUCTIVITY IN A VERY SMALL FOOTPRINT
- LOW NOISE LEVEL - FOR ANY ENVIRONMENT
- MODULAR - IT CAN GROW WITH YOUR BUSINESS

**EASY-TO-USE FOLDER  
INSERTER THAT GROWS  
WITH YOUR BUSINESS**

Do you have to deal with expanding needs in your mailroom? Then the compact DS-85 can help you out. DS-85 is just right for your business. Whatever application you come across, the DS-85 handles them all. Should applications change or evolve, you know that your investment is protected, because DS-85 can easily be expanded or upgraded.

**FULL CONTENT CONTROL AND SECURITY YOU CAN RELY ON**

Thanks to its exclusive scanning device, the DS-85 can read any type of coding such as OMR 1 and 2 tracks and 1D barcodes. Furthermore, the code can be printed anywhere on the document. This unique feature provides full flexibility to fulfill any layout requirement.

To securely process personalised mail runs and those with a varying volume of documents per set, the DS-85 includes several automatic

features to ensure that every recipient receives precisely the right mail piece.

- Reading of sequencing marks allows you to control printing accuracy and inserts can be selected based on customer profile.
- Optional Integrity Checking Software ensures 100% accurate mail processing.

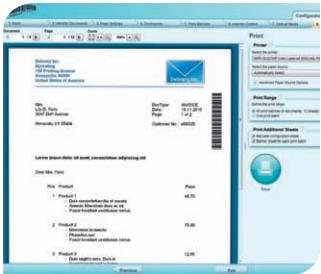

**AUTOMATICALLY ADAPTING TO YOUR NEEDS**  
Everybody can use the DS-85. Just to mention two smart but simple Neopost inventions: the reverseable full colour touch screen and **load'n Go** will both give you ultimate ease-of-use.

No need for trained operators thanks to load'n Go. Just load documents and envelopes 'n press the button to Go! The DS-85 will adjust all settings automatically and even save them to the memory for instant recall.

**THE FLEXIBLE SOLUTION FOR EVERY MAILROOM**  
Thanks to Neopost's unique **flexFeed** technology, you can load any document size in each of the 6 feeders. The variety in applications is up to you. Furthermore, you don't need to fan documents before loading.

**AUTOMATE YOUR DOCUMENT PROCESSING**

Neopost's Output Management Software (OMS-100) will get the best out of each and every of your documents.

- Automatically add Barcode at the right place to drive your folder inserter.
- Remove your old OMR marks, giving more value to your document.

- Select inserts from multiple trays.
- Guarantee your mail integrity with secure control marks.
- Split your print file based on number of pages.

**THE MANUAL FEED MODE AUTOMATES  
PROCESSING BY HAND**

The Manual Feed mode allows you to process up to 10 sheets fed by hand, stapled or unstapled. Ideal for personalizing mail for just one or a few individual recipients. It provides you with a professional looking mail piece with all the benefits of DS-85's mail processing.

**SMART SOLUTIONS TO MAXIMISE MAILROOM PRODUCTIVITY**  
To avoid stoppages and maximise efficiency, the **intelliDeck** diverts duplicate or faulty documents before folding while the system is still running.

The high capacity vertical stacker will reduce incidences of unloading, thus enabling other tasks to be done in the meantime. It requires less handling and makes it possible to unload up to 500 envelopes every 8 minutes while running at maximum speed.

**CREATE YOUR OWN PROFESSIONAL LOOKING MAIL PIECE**  
Collating documents before folding them is not only faster than collating them in the envelope, it also ensures a perfect presentation and reduce the risk of jamming.

With **powerFold** you can crisply and quietly fold up to 10 pages in single fold and 8 pages in tri-fold. The clam shell design of the DS-85 allows easy access to the folder.

**MONITOR, SECURE AND TRACK YOUR PRODUCTION OUTPUT**  
Neopost offers you the security that your printed jobs are actually being mailed. **Mail Piece Production Control** adds a unique ID to each letter within the address block and builds up an audit trail for each production job.

Equipped with MPPC your DS-85 can scan a barcode on every mail piece. This ensures total quality control of your mail batch and identifies missing or out-of-sequence letters.

All in all this provides you with real-time quality control and detailed line-item reports:

- Assurance that jobs are accurate and complete
- Real-time failure detection of missing or 'out-of-order' mail pieces
- A hard-copy 'Proof of Mailing' report for each mail production job
